## Companies, Clients & Brands

Johnson Controls – Rockwell Automation – Harley-  
Davidson Motor Co. – Briggs & Stratton – VALEO  
(Rawlings) – LOH Optical Machinery – NTPA –  
Northwestern Mutual – Badger Meter – Sage Water  
– YMCA of Metro Milwaukee – Signacast – Marnell  
Corrao – Wisconsin Pharmacal – Repel (Spectrum  
Brands) – MELTRIC/Marechal Electric Group –  
Volkswagen – AQS – KAPCO – Marine Bank Group –  
BioCut Systems

## Accomplishments

- Continually seize unexplored opportunities while simplifying complex processes.
- Corralled more than 26,000 unruly part numbers in an antiquated ERP system (without the benefit of a CRM/CQP!!) aligning part numbering schemes, product descriptions, and synchronizing pricing.
- Used my extensive marketing knowledge to force-feed the above ERP system to include CRM capabilities. It ain't Eloqua or Salesforce, but it'll do.
- Energized Badger Meter brand as the leader in technology and sustainably while garnering industry and creative accolades.
- Produced a single ad that netted a \$10 million sales contract.
- Maximized internal and external community outreach for Johnson Controls diversity initiatives. Nominee for "Chairman's Award for Excellence in Customer Satisfaction."
- Engineered a CPG campaign leveraging a CBS "Survivor" national licensing agreement and achieved 100% planned sales goals four weeks before the end of selling cycle.
- Masterminded a digital strategy that increased monthly sales from \$25,000 to \$3 million in only two months.
- Exploded design firm billings by 35% in two years.
- Sent a social media program into orbit, achieving 882% two-year organic audience growth and increased audience engagement by 100%.
- Streamlined marketing documentation processes by establishing SharePoint tools for project and time management, graphic resources, scheduling, and budgets.
